Nottingham fiction publisher Weathervane Press announces the forthcoming publication on 2/11/09 of their latest novel:

MAKE LESS STRANGERS

A stylish new novel set in Nottingham by local author

STEVEN WILCOXSON

With its fractured, almost cinematic structure, this witty, intelligent story cuts rapidly between characters as they tell how their lives collide in the endless happy hour of sex, self harm and substance abuse that was noughties Nottingham's club culture.

Fiction paperback £7.99 ISBN 978 0 9562193 3 6
